## PROFESSIONAL SUMMARY

Motivated penetration testing intern with a mechanical engineering background and a keen interest in cybersecurity. Passionate about identifying vulnerabilities and securing systems, and a quick learner with a hands-on problem-solving approach.

## TECHNICAL SKILLS

- API SecurityPenetration Testing
- Penetration Testing & Vulnerability Assessment
- Web Security
- Basic Networking and Ethical Hacking

## PROFESSIONAL EXPERIENCE

### Penetration Tester Intern – Cybernerds Solutions Sep 2024 - Present

- Conducting security assessments on web applications, mobile apps, APIs, and networks
- Performing penetration testing using industry-standard tools and methodologies
- Identifying vulnerabilities, documenting findings, and providing remediation recommendations
- Working on real-time security projects, including web, mobile, API, and network testing
- Preparing detailed security reports and ensuring tasks are completed within deadlines

## INTERNSHIP RESPONSIBILITIES

- Conducted penetration testing on web applications, mobile apps, APIs, and networks
- Created detailed security assessment reports for client projects
- Ensured timely completion of tasks and met project deadlines
- Applied ethical hacking techniques to identify and exploit vulnerabilities
- Collaborated with team members on real-time cybersecurity projects

## EDUCATION

- Bachelor of Engineering (Mechanical Engineering)  
Kings College of Engineering, 2024.

## TOOLS

- Kali Linux,
- Nessus,
- Burp Suite,
- OWASP zap,
- Metasploit

## ADDITIONAL INFORMATION

- Ethical Hacking & Cybersecurity Research
- Network Security & Penetration Testing
- Capture The Flag (CTF) Challenges
- Malware Analysis & Threat Detection
- Cyber Threat Intelligence & Incident Response
